

JOIN THE NASUWT: New Teacher

The NASUWT welcomes new teachers to the profession.

The offer of free membership for students extends to newly qualified teachers who decide to [join the NASUWT](#) or convert their student membership to full newly qualified teacher membership.

The NASUWT provides free membership for all NQT members for the first term after qualification. This is followed by a further 12 months of free membership on the provision of direct debit details at the beginning of the calendar year. Newly qualified teachers also receive discounted subscriptions in the second calendar year after qualification.

For example, if you qualify in 2018, you will get free membership until 31st December 2018 followed by free membership for the whole of 2019 on the provision of direct debit details and a further 50% reduction on 2020's subscriptions.

As a member of the NASUWT, you will be entitled to a range of services to support your career.

RECRUIT A FRIEND AND EARN LOVE2SHOP VOUCHERS

For example, if you recruit three new members you will receive £45 in Love2Shop vouchers; if you recruit seven new members you will receive £140 in Love2Shop vouchers.

The new recruit will receive 12 months of free membership from the point of joining when they agree to pay their future subscriptions by direct debit.

Remember that your friends and colleagues must quote your name and membership number when joining the Union in order for you to receive your rewards.

If you do not know your membership number, check with the NASUWT Membership Team with one quick call to 03330 145550.

The quickest and easiest way for the teachers you recruit to join the Union is either online on the [join online](#) page or by telephoning the Membership Team on 03330 145550 between 8.00am and 6.30pm from Monday to Friday.

The recruitment of student teachers does not fall within this recruitment initiative.
